

**Twistin' With the Braunvieh
2018 Braunvieh Junior National
June 11-15, 2018**

The Junior Braunvieh Association of America (JBAA) is a non-profit organization dedicated to educating youth, promoting and improving agriculture, and rearing higher quality livestock, while creating greater involvement among youth and adults locally and nation-wide. Years of dedication and work by JBAA members and their parents have resulted in the JBAA growing significantly, thus impacting the lives of many. By becoming a sponsor, you can encourage today's youth to become leaders in the Braunvieh industry and insure a bright future for themselves.

The JBAA meets once every summer to help junior members reach for the stars and learn how to use skills in cognitive thinking, animal husbandry, leadership, and personal relationships, while having a great time and making new friends from across the nation. They receive awards, scholarships, and premium money that can be used later for increasing their herds, purchasing supplies and equipment, and college tuition.

The JBAA works annually to raise money to support the activities of the organization. They need your support to make their dreams come true. The following levels of sponsorship are available if you'd like to support the agricultural leaders of tomorrow.
