Animals must be entered and shown by the original breeder or first owner. Animals entered and exhibited in this division must be owned by an individual, corporation, partnership, and/or working family unit. Animals, or interest in animals sold by the original breeder or first owner may be entered and shown by the original breeder or first owner after transfer of ownership. Animals purchased as embryos, flushes or pregnancies may be shown by the purchaser as first Owner.

Animals competing in this Pen Show must be registered in the Braunvieh Association of America (BAA) Herd Book. A copy of the registration may be used for Braunvieh check-in. Any animal not bearing a legible tattoo matching its registration paper is ineligible to show.

Exhibitors must be in good standing with the Braunvieh Association of America. Exhibitors must comply with the rules and regulations of the Cattlemen's Congress. All animals exhibited must have a DNA sample on file with the Braunvieh Association of America. A hair, tissue or blood sample on the subject animal must be received by the BAA or BAA representative prior to the show.

All animals exhibited must have a known Braunvieh dam or sire and are subject to being DNA verified to its Braunvieh parent(s).

Animals must be Fullblood or Purebred to qualify for the FB/PB Braunvieh Pen Show. Braunvieh Beef Builders will be shown in a separate Beef Builder Pen Show. Cattle recorded as "Braunvieh Influence" with a "BI" prefix are not eligible.

The BAA reserves the right to provide the judge and audience with the Expected Progeny Difference (EPDs) values, ultrasound data (collected by a certified technician), scrotal circumference for bulls, weights and ratios for performance and weights with weight per day of age. These performance figures (including weights, hip heights and frame scores) can be presented in their entirety or any combination deemed necessary by the BAA.

Heifers exhibited at 20 months of age or older must be pregnant and accompanied by a certificate of pregnancy by a licensed veterinarian or show with a natural calf at side. For heifers used in embryo transfer, a certificate of positive fertility issued by a licensed veterinarian must be available for inspection.

Bulls exhibited at 14 months of age or older must have a positive semen test and a certificate to that effect. The certificate must be available for inspection. Bulls 12 months and older must be shown with a nose lead.

Rules 12-17 from the Congress Braunvieh Open Regional Braunvieh Show will also apply to the pen show.

Braunvieh and Beef Builder bulls and heifers shown in the pen show are eligible to show in the Open Braunvieh or Open Beef Builder show, but additional separate entry must be made. Pens will be exhibited in the class based off the oldest animal in the pen. Average age of the pen will not be considered.
